Recent Land Donation Expands Flint Creek Savanna Preserve

Greg Breback, M.D.

LAKE COOK ORTHOPEDICS ASSOCIATES (LCOA) maintains involvement in local civic organizations and sports teams' orthopedic care, and now they are philanthropists as well, giving back to the community they love.

“Our group, along with Dr. Richard Smith, is proud to have donated land that expands the Flint Creek Savanna Preserve. It provides the opportunity for our practice to give back to the local community we serve,” Greg Breback, M.D., said. The land is now part of the Flint Creek Savanna Preserve, owned by Citizens for Conservation.

For more than four decades, Citizens for Conservation (CFC) has been instrumental in providing habitat for threatened species of plants and animals, such as the Sandhill Crane. CFC's educational outreach provides residents with programs about native plants, water conservation, pollinators, coyotes, deer, and other subjects of local interest. One of its signature projects is the preservation and restoration of Flint Creek Savanna—creating a large greenbelt preserve along Flint Creek from the CFC headquarters on Illinois Route 22 all the way to U.S. Route 14.

The donation is 4.0 acres with 3.4 acres straddling Flint Creek just east of the Lake Barrington Professional Office Condominium Association and south of Route 22, and an additional 0.6 as a conservation easement. The donation is of special value because it is home to some beautiful young oak trees that are in the prime of their reproduction. Many of the other oaks in the surrounding area are much older and are past the reproductive years.

Lake Cook Orthopedics Associates has been providing state-of-the-art orthopedic care for over three decades in Barrington with services ranging from general orthopedic care to specialized orthopedic care. The primary office location is at 27401 W. Highway 22 in Barrington.

Sharon Clifford

Welcome to the Club!

SHARON CLIFFORD IS THE NEW MEMBERSHIP
DIRECTOR AT WYNSTONE GOLF CLUB

WYNSTONE GOLF CLUB recently hired long-time Barrington resident Sharon Clifford to lead the Club's membership effort. Clifford is an avid golfer and is excited to spread the word about the exciting things taking place at Wynstone, an upscale destination country club.

"I joined the team here at Wynstone Golf Club because I believe that Wynstone provides its members with the best golf experience in the region," Clifford said. "The course is in impeccable condition and I think that anyone who really cares about golf will absolutely love playing this course on a consistent basis."

Wynstone Golf Club has seen a big jump in interest since completing a major renovation of the Club's superb Jack Nicklaus Signature Design golf course in 2015. The club recently created a new golf membership category that appeals to those who aren't able to play as often as they would like, but want to have a fantastic golf experience when they do play. The club has also made significant enhancements to the pool and tennis programs.

"I love to play golf, but like a lot of people, I don't play as much as I used to," Clifford said. "But when I do play, I want it to be exceptional." The Introductory Golf Membership allows for 12 rounds of golf for the member, plus additional rounds for the spouse and children each year.

"Many of our members are busy, raising a family and working. They want a quality club experience not matter how often they get to use it."

"If you have outgrown your current club, or if you are looking for a great club with flexible membership terms, then you should take a look at Wynstone," adds Clifford.

Wynstone Golf Club is a member-owned country club located in North Barrington and is the heart of the prestigious Wynstone Golf Club residential community. The club features a highly-ranked Jack Nicklaus Signature Design golf course, a 32,000 square foot clubhouse, a swimming pool, six tennis courts and a variety of indoor and outdoor dining venues. Membership is by invitation only. *For more information, contact Sharon Clifford, membership director, at 847-304-2800 or email her at sclifford@wynstone.org.*

Barrington resident David Hirsch is the founder of IFI which connects children and fathers by actively engaging fathers in the education of engaged and healthy parenting. Hirsch created IFI in 1997 to address the increasing problem of father absence in society.

Last year, Dreesen, Frank Sinatra's opening act for 13 years and frequent guest on "Late Night" with David Letterman, asked Kelch to round up some of their old comedian pals (some famous, some not so famous) to act as the celebrities. It was a big hit and they are repeating it this year in the Barrington area!

The event begins with lunch and a four-ball golf event. Each Foursome gets one comedian in the group to "liven things up"! After the golf, enjoy cocktails, dinner, a silent auction, and entertainment. Dreesen hosts the annual joke-off competition, where comedians tell their best jokes. He tells a few stories along the way and is the judge and jury!

Sponsorships and foursomes are available (Foursomes - \$1,200/Singles \$300). Dinner and comedy show following golf tournament. Dinner and show available for \$100.

Calling All Cell Phones!

A MESSAGE FROM
JOEY YOUNG

HI! MY NAME IS JOEY YOUNG and I am a Life Scout in Barrington Troop 10 working on my Eagle Scout service project. My project beneficiary is Rainforest Connection. I chose this project because I believe in saving the rainforests for my generation and because most of the remaining rainforests are in Brazil, and I am half Brazilian.

Rainforest Connection is a nonprofit that repurposes old cell phones into listening devices and installs them high up in the trees of the world rainforests. When the device detects the sounds of chainsaws it sends a text message to the local authorities who respond in real time to apprehend the illegal loggers. I am collecting any type of used cellphones—working or not, any old types, or newer smartphones. Donors should wipe any stored personal data or remove SIM card prior to donating.

Collection sites: My main collection site is the Barrington Village Hall and our collection efforts will remain there until the end of September 2016.

You can learn more about Rainforest Connection at www.rfcx.org. Thanks for your support!

BACC Presents 2016 ATHENA Award to Deborah Leydig

MAY 26 LUNCHEON HONORING OUTSTANDING LOCAL WOMEN LEADERS

THE BARRINGTON AREA CHAMBER OF COMMERCE (BACC) presented local businesswoman Deborah Leydig of Norton's U.S.A. with the prestigious ATHENA Award at a luncheon Thursday, May 26 honoring five outstanding local women leaders. The event was held at the Biltmore Country Club in North Barrington and hosted by BACC's Women's Biz Net (WBN), a network of women business and community leaders.

"The ATHENA Leadership Award was inspired by the goddess of Greek mythology known for her strength, courage, wisdom, and enlightenment—qualities embodied in the ATHENA Leadership Model," said Guest Speaker KL Daly, a Founding Lifetime Member of ATHENA International. "The ATHENA Award honors an individual for professional excellence, community service and for actively assisting women in their attainment of professional excellence and leadership skills."

2016 ATHENA Recipient Deborah Leydig started her career in fashion design working for Geoffrey Beene, Ellen Tracey, and Jones of New York. During the '80s she switched her focus to graphic design and sold gift wrapping paper to department stores under her designer label. In 1987, she began a professional acting career and after appearing in a play about the decline in American products; she opened Norton's U.S.A. in 2007 in Barrington to help the American worker and manufacturer. Her plight to save the American worker has led to a highly successful storefront and online business all dedicated to made-in-America products. In her community, she has dedicated efforts to supporting many local organizations, raising thousands for causes such as cancer, local food pantries and more. She is considered a local business advocate and mentor to other business owners.

All nominees were honored at the event for their history of accomplishment and giving. The theme of the luncheon was "Walking on Sunshine."

The Barrington Area Chamber of Commerce's Women's Biz Net (WBN) is a network of women empowering women. WBN offers monthly meetings and programs that bring relevant topics, networking opportunities and a forum for building relationships that can enhance your business aspirations and enrich your life.
