Style Trends as Summer Turns to Fall

SUMMER VACATIONS have come to an end, kids are back in school, and the warm summer air is starting to chill. It may be time to wave farewell to swimwear and floppy hats, but don't start packing up all your summer threads. Make the seasonal wardrobe shift comfortably and fashionably by adding in luxe-looking neutrals.

LAYERS

Layers are the key to transitioning your wardrobe from summer to fall. Add a cozy cardigan, try a chic poncho, or rock a moto jacket. Layering adds depth and excitement to your wardrobe. A great fitting pair of jeans is a fall staple and can be a key piece for a casual weekend look to date night. Stick to a neutral color palette for a look that's versatile and flawless no matter how much you spend.

CLASSIC COLORS

You can't go wrong with classic colors. Even subtle shades make a statement when worn the right way. Neutral layers in fun textures or fall fabrics are a chic way to add excitement to your style. Mix in a pop of color to your neutral color palette for fall like burgundy or mustard to bring warmth to your look.

TRENDS

Layering gives you the freedom to try something edgy... or girly... or bold! LUXE loves a touch of trend like leather or suede accents, prints, ruffles, fringe details, or tops that show a little shoulder. Finish off your look with a layered stack of bracelets or add a clutch or handbag in a fun print or texture.

Whether it's re-working what you have, adding a few new pieces, or starting fresh, LUXE stocks classic wardrobe staples, current trends, and exciting accessories. Fall in love with layers, fall in love with Fall.
