What's Your Fashion Statement This Fall?

IT'S HARD TO SAY GOODBYE TO SUMMER, but looking forward to new fall fashion trends can make it easier to embrace cooler temperatures. This fall the trends offer something for everyone's unique sense of style. The fashions featured here were photographed at Barrington's White House in downtown Barrington. Take a look and pick your favorite trends to make a statement this fall!

POP OF COLOR

Fall fashion boasts bold and vibrant colors this season. Although neutrals will likely be the foundation for your fall wardrobe, add a pop of color: a bright pink sweater, an emerald-colored blouse, or a mustard cardigan. Look for color-block details as designers mix unexpected colors to create a bold, on-trend look.

ANIMAL PRINTS

Python, leopard, and zebra prints are everywhere this season! Think animal print leggings and jeans to complement blouses, jackets, sweaters, and skirts. Consider animal prints as a "neutral" to wear with most anything.

PLAID

Plaids are in and you will see them in pants, tailored jackets, soft blouses, sweaters, and accessories. Mix it up by trying a plaid blazer with a graphic tee and jeans or a plaid skirt paired with a chunky sweater and boots for an on-trend look.

FLORALS

Whether it's a floral print or embroidered detail, this is a great way to update a shirt or sweater. Tailor this trend from just a few embroidered details

or venture out with bold prints and embellishments.

THE JUMPSUIT

If you have not embraced the jumpsuit trend yet, this fall is the time to try one! The right jumpsuit is comfortable and easily creates a polished, on-trend look. Dress it up or down and layer it up, the possibilities are endless!

STATEMENT EARRINGS

The easiest and least expensive way to make a statement this fall is with a bold earring. Earrings are the must-have jewelry item of the season. Don't be afraid of a bigger earring in a bold color to accessorize your fall outfit!
